

AMY MC CARLEY MECO

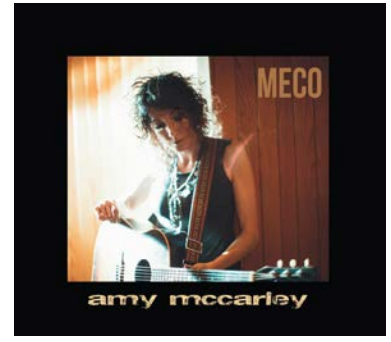

Key Selling Points:

Uniquely relatable, this northern Alabama native's music is embraced by Americana fans across the country and abroad. Vaughan says, "I think all of her songs come from a personal experience. Each song is about something she's gone through, which is good because it gives her a little edge on the delivery. The emotional content kinda comes through in there."

MECO, an acronym borrowed from the Space Shuttle program that stands for Main Engine Cut Off, occurred for the shuttle when onboard propulsion systems were disengaged at an altitude where momentum could be maintained by the power of an innate force at work in the universe, requiring only slight corrections from the vehicle to stay on course. The album traces McCarley's experience of what it's been like leaving life as a NASA contractor to pursue a career in music.

McCarley explains the inspiration behind the album, "Similar to shuttle missions, the trajectory of my path has been defined by how well I have been able to develop personal strength as an artist to the point where the possibility of connecting with the enormous collaborative power of other worldly talent exists. There's only so far a body can go on their own. It has taken everything I have plus the guiding unseen hands of time, chance, and the willingness of key individuals to contribute in order to maintain momentum for my music."

ALICE WALLACE INTO THE BLUE

Key Selling Points:

The uncertain ocean. An unpredictable wind. An unforgiving canyon. These are just a few of the intense visuals that root Alice Wallace in her Southern California landscape and which she deeply explores in her evocative new album, INTO THE BLUE - due out on January 18th, 2019. Her style on this latest effort reflects distinctive musical evolution and places Alice squarely among a host of West Coast artists who are finding success in the Americana scene with songs that are definitively coastal.

The 10 songs (plus a bonus track) shine an even brighter light on this Golden State singer, whose luminous voice and soulful, tremulous delivery is reminiscent of classic country icons but imbued with her own vocally rich, modern style. INTO THE BLUE will be available on CD and vinyl, as well as digitally. Featured tracks include the edgy "The Lonely Talking", the California-inspired "Santa Ana Winds" and the lush Americana ballad "The Blue".

RENT BROADWAY ACCOMPANIMENT MUSIC

Key Selling Points:
Idina Menzel starred in the original cast of Rent when it debuted on Broadway in 1996. The show has continued to garner praise over the years; a movie version of the musical was released in late 2005. There are 28 tracks on this album: Tracks 1-14 contain the background tracks and guide vocals; tracks 15-28 contain the background tracks alone. This album is a re-recording in the original show key and show tempo.

TRACK LISTING:

TONY MAKHOUL NEW DAWN

Key Selling Points:

New Dawn is a universal, socially conscious extension of the romantic vibes of Toni's first three critically acclaimed full length recordings, Dancing Hearts (2014), Eternal Love (2012) and Letter to My Love (2014). While those projects shared the intimacy of what he calls "a world that comes alive in music and love," the new collection's beautifully flowing, lushly arranged tunes explore the great possibilities of what could be accomplished if good-hearted human beings came together in a spirit of love against the rising forces of darkness

NEAMEN LYLES MOMENT OF TRUTH

Key Selling Points:

The Moment of Truth is Neamen Lyles' breakout statement as a saxophonist, composer, rapper and lyricist that redefines the boundaries of a typical saxophone CD. He has placed all of his cards on the table to bring you something exciting, sincere, slightly dangerous and definitely NEAMEN. Get ready, because you are going to love this.

JAKE LECKIE THE ABODE

Key Selling Points:

Paying tribute to the people and places that have collectively attributed to Bassist Jake Leckie's identity, the compositions heard on his debut album, *The Abode*, evoke a true sense of place. This music is a meditation on migration, understanding, and empathy. With an organic compositional approach, and an interactive group improvisational style, Leckie creates acoustic music that is elevated, while simultaneously burrowing a deep engagement with his audience.

TRACK LISTING:

PARADISO AND RASAMAYI AGAPE EVOLUTION: "THE MOVEMENT"

Key Selling Points:

Agape Evolution: The Movement

Evolutionary Frequencies to support our next leap forward: humanity's embodiment of divine love

Agape Evolution is instrumental world / new age / healing music featuring Paradiso on crystal and traditional didgeridoos and Sage: world's largest crystal didgeridoo, keyboards, crystal tuning forks, hand drums, hammer dulcimer, harmonium, tampura and throat singing. Rasamayi's angelic seed mantra chanting, Alchemy crystal singing bowls, expanding crystal pyramids and Ajni: the 2nd largest crystal didgeridoo.

This double album is ideal for meditation, relaxation, massage, and all other healing modalities. It contributes to planetary healing through a story of powerful divine love. The music takes you through the evolution of a soul. First, it stares unflinchingly at the shadow. The sound integrates the soul lesson there, and transmutes it into a higher expression of embodied divinity. Here is one of the song's from "Agape Evolution."

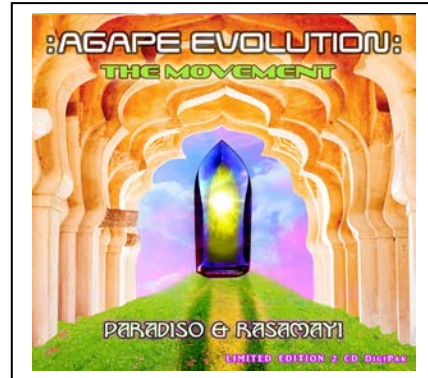

We have been creating healing soundscapes together since 2008. You can hear the deepening connection of our hearts and souls in "Agape Evolution." We are so grateful for the inspiration and ability to share this healing energy with you.

We are Paradiso & Rasamayi, founders of Evolutionary Music. Paradiso plays didgeridoos and Rasamayi plays alchemy singing bowls and sings. We facilitate rebirth on individual and collective levels with sacred sound.

We listen to divine guidance as we connect with the sacred sound current with beloveds in Evolutionary Music concerts throughout the country. We also we share what we hear for the collective through recordings like this.

We have just finished creating our fourth album, "Agape Evolution: The Movement." We have been so blessed in our service, with four best album of the year awards, but we are certain this is by FAR the most beautiful and powerful yet.

File Under:	NEW AGE

Filthy Princess Records is pleased to announce the deluxe edition of Tales of Torment - the critically acclaimed album from Los Angeles based progressive rock/metal band, The Longing, now featuring additional unreleased bonus tracks. With previous singles scooping countless radio airplay in the UK and 18 countries worldwide, plus UK Record of the Week, as well as numerous TV and movie slots including MTV, The Cannes Film Festival and a score for William Shakespeare's The Tempest, there's no doubt that The Longing are highly influential force across the global prog/rock music scene.

Troubled and anguished, "Tales of Torment" is a storybook of alternative tales, the type of narratives told from the perspective of the wicked witch and the twisted villain...those tormented cruel souls fighting against the injustice inflicted upon them. Catapult yourself into the mind of the wicked stepmother towering over the sweet Cinderella, see things from her point of view; twisted, bleak and macabre – that's the world of "Tales of Torment". A bitter-sweet canvass of angst-ridden frustration, "Tales of Torment" sees The Longing create an epic musical masterpiece of hybrid orchestrals; layering sharp synths on bed of classical orchestral arrangement, pierced divinely with Bradley's crystalline vocals. It's the paradox of the delicate against the aggressive that creates the sheer exquisiteness of this melodic collection not to be missed.
